

HOUSE OF FLOWERS

with Sweet Medicine Nation
October 3rd to 5th, 2014

Prophecies have long foretold of this auspicious time when planetary stewardship would be placed back into the hands of The Divine Feminine. Are you ready to answer the Call?

As a Wisdom-keeper, Sweet Medicine weaves her gifts of the ancient ceremony to reawaken this sacred birthright in every woman. Serving what must come forth during this New Era of The Divine Feminine, she asks us to "answer the call" to regain our knowing, by learning the 5 phases of woman and how to

open the 13 petals of ourselves. She will share how each of us will play a powerful role in this prophesized wave of global initiations by joining our Mother Earth in germinating, uplifting and blooming ourselves back to our true purpose and birthright forever more.

Sweet Medicine Nation (Chickasaw/Choctaw/French/Irish) is a gifted artist, educator, lecturer, and healer who guides and initiates personal growth in others and awakens us to the

personal and social value of earth stewardship, honoring the wisdom of natural ways to benefit ourselves and Mother Earth.

Donation \$375

Includes two nights accommodations camping, 4 meals, ceremonies and initiation. For more information please visit our website listed below.

Pachua Center for Integrative Studies We believe that the time calls for us to transform our differences into gifts of diversity that weave a song of hope that unites us in peace. Through events lead by Spiritual Elders, present day visionaries, community activists, artists and more, we hope to inspire joyful community and to awaken a sense of purposeful action that creates change.
